Cheers: To Mark and Shawn Polson and Frank Martinez for changing my flat tire quickly on Oct. 9, allowing me to make an important doctor's appointment for my baby boy. I had been having a bad day, but their willingness to help a stranger reminded me that there is much good in this world.

— Christy Gilfour, Azle

Cheers: To whoever was so kind as to leave a stack of original titles to our historic home in Fairmount in our mailbox. Our house turned 100 this year, and we have always been curious about its original occupants. Now we know everything, thanks to someone out there.

Cheers: To Jodie at Fox Barbershop in the TCU area. She was an angel with clippers who showed such kindness to my elderly uncle from a nursing home who needed grooming. And cheers to David for the help with maneuvering him since he has trouble walking. You both made the day for both of us!

Cheers: To those involved in the inception of the Levitt Pavilion. What a relaxing, fun, community unifying event on Oct. 10. People of all ages and backgrounds gathered to kick back, picnic, listen to great music and dance in the soft, cool grass. This is going to be a great addition to Arlington in many ways!

To our readers

Because of the volume of Cheers and Jeers that we receive — and because space in the newspaper is finite — we've fallen behind in printing items in a timely fashion. For the next few weeks, look for the Community Columnist Panel column, which normally prints on Saturday, in the Monday newspaper.

How to submit a cheer or jeer

Limit your Cheer or Jeer to about 50 words. Full name (signature and printed), address and daytime phone number are required. There are some restrictions on subjects. Items may be edited.
